MASTER OF ARTS IN THEOLOGY OF DEVELOPMENT

PROGRAM GUIDE

The Master of Arts in Theology of Development integrates Evangelical theology with modern development theory, preparing students to address poverty, inequality, and sustainability challenges through a biblically grounded lens. Core courses integrate Scripture and theology with essential concepts such as sustainable development and social entrepreneurship, offering a comprehensive framework for holistic transformation.

Practical training in ethical leadership and project management enables candidates to meet the needs of the world with Christ-centered solutions. Graduates are equipped to serve in churches, NGOs, and public agencies, leading initiatives that deliver long-term community benefit while faithfully advancing the mission of the Gospel.

Our Educational Model: Flexibility and Empowerment

At IUDI, our fully online, asynchronous model lets you study at your own pace, from anywhere. With no fixed schedules or enrollment deadlines, you can start anytime and balance your studies with your personal, family, and work commitments.

A Curriculum Designed for Leaders and Practitioners

Our learner-centered approach empowers students to become transformational leaders and effective practitioners. We employ a flipped classroom model, where students take responsibility for their own learning without professor-led instruction. Interactive coursework, case studies, and practical projects develop critical thinking and servant leadership for real-world impact.

Modular Learning for Seamless Progression

Our curriculum is organized into modules that focus on building specific skills. Start with any course in a module and complete all the courses to unlock the next one. Plus, you only need to pay for one module at a time, giving you the financial flexibility to plan and manage your education at your own pace.

Moodle: Our Digital Campus

Moodle is IUDI's online learning platform designed to support and enhance your educational journey. It serves as your central hub for accessing course materials, participating in discussions, submitting assignments, and tracking your progress.
